

TRAVIS AIR FORCE BASE

Fairfield-Suisun Army Airfield

75th Anniversary

For the past 75 years, Travis Air Force Base has been a focal point for the world as a power projection platform, a means to deliver hope, and a mission fueled by community support. This year, we pay tribute to our storied history, taking from it inspiration and pride as we pursue the call to respond anytime, anywhere.

1943 - 2018

The enduring relationships we enjoy with our community forge and deepen our mission. We welcome you to feel part of our 75th anniversary initiatives throughout the year.

Strategically located on the western seaboard of the United States, Travis Air Force Base is a power projection platform for the U.S. armed forces in the Pacific theater.
